

Are you tired of poking your fingers multiple times a day?

A continuous glucose monitor (CGM) uses a sensed patch to track your blood glucose levels in real-time. See if this would be a good option for you!

CGM Qualification Assessment

Do you inject insulin 3 or more times a day? **Y or N**

Do you see your provider every 6 months? **Y or N**

If you answered **YES** to these questions, you may qualify for a CGM through insurance.
